Martin Laydon

Hi

As a business owner and one who values the future development of Roscommon Town I have two requests i would appreciate been addressed

1. I have a Hair Salon with some ageing clientele and would like marked customer parking outside my premisses to allow ease of access which due to the lack of parking proves very difficult it would allow greater access for myself when i have stock to bring in.

2. The building beside my salon on goff st has been vacant for 50yrs ,30 of which I can personally vouch for, my concern at this stage are the chimneys they are in a poor and unsafe state and the movement is causing slates to loosen on my side resulting in leaks which i have had to repair this year .

Trusting these concerns will be addressed as soon as possible and look someone will take a detailed look at it .I look forward to a reply

Thanks you

Anne Kelly
