LOCAL AREA PLAN SUBMISSION

JONATHAN LARKIN | [REDACTED]

To Whom It May Concern,

I would like to submit the following points concerning the local area plan from Roscommon County Council.

The Council has proposed zoning the area around Edenville House as Outercore. I would submit that the zoning should be solely for purposes of Community infrastructure. There is a wonderful opportunity to develop that heritage building to service the local area as a centre for community, education or a centre to rediscovery and environmental engagement.

I would also like to see a local transport plan for the town. This will allow those without cars to take public transportation or use cycle lanes safety to travel without adding to co2 emissions in private cars.

Thank you for your consideration.

Kind regards,

Jonathan Larkin
