Re: "Draft Direction to the Roscommon Town Local Area Plan 2024-2030"

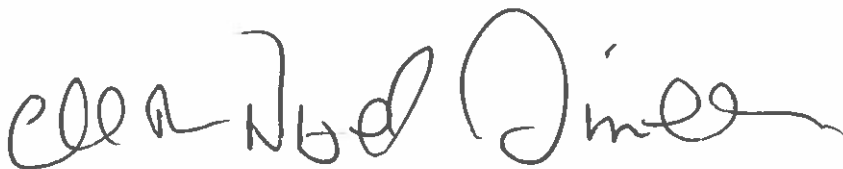

Dear Mr. O'Donnell,

I have examined and spoken to many people regarding the Roscommon Town Local Area Plan. In my opinion, MA 45 and MA 46 should remain in the Roscommon Town Plan. They are essential to the future development of Roscommon Town.

Regarding MA 46, I feel that the demand for housing in the area makes it imperative to include these lands as zoned for housing, not to do so would be an injustice to those seeking housing in the area.

I strongly support their continuing inclusion as I have done at the various stages of the Area Plan process.

Yours sincerely,

Councillor Nigel Dineen
